Subject: Merry Happy

Chestnuts roasting on an open fire...(and they are year round,
jack frost, well, not likely in 500 generations thanks to the American ways of life.

Imagine: One corp that has all citixens its stock holders and the executives all have their welfare in mind. No executive will get raise when the corp is losing money! (Remember the US and EU?) And gorgeous Three Gorges!

Lijiana (as oppose to Americana)

- o I am everyone's grandpa, paternal no less.
- o There is Coffee Cola which is unheard of in the US, home of Coca Cola and elsewhere.
- o No GM (not General Motor mind you) food but local delicious cigars and coffee.
- o Bordeau @ 92 yuans.
- o -7 to 35 deg C year round with sunny and dry days except from JULY to September. Result: no ac, cloth dryer, fridge, cloth or dish washer but solar hot water.
- o Naxi folk dance and music day and night.
